Integrated Management System Policy (Quality, Health, Safety & Environmental)

PANORAMA Contracting & Engineering Services W.L.L Specializes in "Mechanical and Civil Engineering works (Design and Construction of large size above ground Steel Storage Tanks, Pressure Vessels, Water Transmission Pipelines, Oil and Gas Pipelines, Drainage, Sewage Pipelines, Pumping Stations, Heavy Structural Steel Erection, Cladding works, Tank Foundations, Earth & Concrete Works Including Sand Blasting, Painting, Scaffolding) to the satisfaction of the Customers, ensuring minimal impact of our operations and products on environment, occupational health and safety.

We are totally committed to business excellence and in providing a safe, conducive work environment to all persons working directly or indirectly for PANORAMA Contracting & Engineering Services, through our Quality, Environmental, Occupational Health and Safety Management System (QHSE). We will continually develop and improve on our IMS systems, processes, and talents, to meet or exceed customers' requirements and expectations and at the same time enhance QHSE performance. The Management will support the setting and implementation of QHSE objectives, targets and programs that are regularly reviewed and communicated to the relevant functions.

We will maintain a balance between the organization's business needs, environmental concerns of the society and occupational safety and health obligations; particularly in protecting the environment, prevention of pollution, injury, ill health, and exposure to hazards through regular consultation and participation of workers. Climate change and other global challenges that we must face and consider appropriate countermeasures, within the framework of our commercial activities. We create positive impact by using sustainable resources, products and encouraging biodiversity as well as prevent pollution.

This IMS policy is communicated to all persons working directly or indirectly for the organization and is available to all interested parties. All the elements of our Quality, Environmental, Occupational Health and Safety Management Systems (QHSE) are an integral part of our Company culture. We will consider continuing compliance to applicable legal & other requirements and conformance to customer requirements, needs & expectations of other stakeholders and their QHSE requirements as key to business success.

We expect our employees, subcontractors, and partners to embrace these principles and reflect them in every aspect of the work they perform. The long-term business success of PCES depends upon our ability to continually improve the quality and value of our products and services in order to enhance customer satisfaction while protecting people and the environment.

Salem Ahmed Mannai
Managing Director
